Miami, Fl 33196 United States

DATE 04/01/2025	TOTAL \$1,800.00
---------------------------	----------------------------

BODY OF WATER
BLACK CREEK POOL

PO NUMBER
LEAK TEST

DESCRIPTION	QTY	RATE	AMOUNT
A leak detection test will be performed on the pool.	1	1,800.00	1,800.00T

We will check the structural areas of the pool as well as, light fixtures, and will perform a dye test on fittings, lights, jets, or sections of plumbing to visualize the flow of water to confirm a leak.

We will also, pressure test the lines that go under the deck area from the pool to the equipment to detect if there is or not a leak in the underground lines. If this is the case, we'll pinpoint where under the deck the pipe is broken at.

Our job is to point at all the leaks your pool has one leak at a time. This will depend on pointing out the large leak first.

Major repairs such as but not limited to broken lines, pool tile regROUT, large cracks or structural damages, and new equipment or parts replacement will be quoted separately.

** No collector tank is included in the price. (Otherwise, an additional cost will apply)

*Warranty of 45 days in the leak detection test

1. Pricing is valid for 30 days from the order date.
2. Estimates are subject to change.
3. Anything not included in this estimate will be at additional cost
4. Jobs require a 50% deposit (Non-Refundable).
5. Jobs will be scheduled 7 business days after 50% deposit has been received
5. Engineering/Building Department Permits are NOT included.
